## Celtic tradition fused with modern architecture in Asturias

Come and stimulate your senses at Ayre Hotel Oviedo, the only hotel in the world that is integrated in one of Santiago Calatrava's architectural masterpieces. This superior 4-star hotel has become a unique landmark in the north of Spain. Its modern and sophisticated style make it the perfect space to host your next corporate event, giving meetings a different approach. Hold your next conference or gala dinner at one of the hotel's 5 distinct meeting rooms, which can also be supplemented with the facilities of the ballroom.

Come check out the lounge bar, which would be ideal for welcome receptions, or plan your next farewell dinner at the Bistró Restaurant, where we prepare local products in our wood ovens, giving it a charcoal flavor reminiscent of traditional Asturian cuisine. For a corporate incentive where you can experience Asturian tradition and culture, come make your next destination Ayre Hotel Oviedo.
